

Overview

Are you **CONFIDENT** that your employees **FEEL SAFE AT WORK** and in their **SURROUNDINGS** ?

Don't wait for something dangerous to happen to you or your staff

BSTREET SAVVY is all about being on the **FRONT FOOT** with **SAFETY**.

Our workshops **EMPOWER** and **CHANGE** the mindset of your workplace.

BStreet Savvy understands that every industry faces different **THREATS** and **VULNERABILITIES**.

Create a safe environment, take the initiative and upskill your staff with practical safety techniques.

We conduct interactive workshops to teach proactive **PROTECTION SKILLS, AWARENESS** and **AVOIDANCE**.

“I felt empowered after your workshop, it is important for me to know how to protect myself and how to react”

NEIGHBOURHOOD WATCH

Overview

THESE SKILLS INCLUDE:

- Understanding situational awareness
- Learning how to avoid a conflict / confrontation
- Strategies to deal with threatening situations
- Diffusion techniques to deal with difficult and aggressive behaviour.

THIS BENEFITS YOUR ORGANISATION BY:

- Empowering staff to make better decisions about their safety
- Promoting a supportive team building environment and community
- A reduction in work-related absenteeism and increased productivity
- Demonstrating how the company values staff

ABOUT US

BStreet Savvy combines the power of three experienced and highly qualified professionals who have had extensive training in safety and security.

Tori Howard: *Education, Drama and Training*

Tammy Tisher: *Clinical Psychologist*

Liz Herszfeld: *Human Resources and Business Development*

Much more than a boot camp or self-defence class, the workshops provide effective ways to stop a threatening situation before it may occur. It's all about awareness and avoidance.

“Being part of a recent workshop was an eye opener. Whenever I go into the outside world I am more aware and now have extra skills and knowledge about my personal safety.”

LEONDA BY THE YARRA
